

"De-googling" Service

Congratulations on taking an important step toward freedom and privacy! This service is limited to U.S. customers.

Price: \$159 Includes taxes & fees (we accept credit card, PayPal, Cash App, personal/bank check, and many cryptocurrencies)

You receive ALL of the following:

- ✓ Advice for choosing the operating system that fits your needs
- ✓ Operating system installation
- ✓ Return shipping
- ✓ Technical support for the lifetime of the device

Step 1: Verify your phone/tablet can be Degoogleed

Verify your device is:

- ✓ Carrier/SIM unlocked
- ✓ Not originally purchased from Verizon
- ✓ On the compatibility list below for the operating system you choose

| Operating System | List of Compatible Devices |
|------------------|---|
| CalyxOS | https://calyxos.org/install/ |
| GrapheneOS | https://grapheneos.org/faq#supported-devices |
| LineageOS | https://wiki.lineageos.org/devices/ |
| DivestOS | https://divestos.org/pages/devices |
| /e/OS | https://doc.e.foundation/devices/ |

- ✓ Verify bootloader can be unlocked; please follow these instructions:
 - Go to **Settings** app > **About phone**
 - Scroll down and tap on **Build number** 7 times
 - A toast message will appear "You are now a developer"
 - Tap back arrow to leave **About phone**, scroll down and tap **System > Developer options**
 - Scroll down to **OEM unlocking** - If the OEM unlocking toggle is greyed out, it cannot be de-googled. However, if the **OEM unlocking** toggle can be enabled, the device can be safely de-googled
 - Tap the button to disable **Use developer options** and return the phone to its normal state

Step 2: Understand your device is getting a BIG makeover

- Due to the nature of this service, we do not provide a warranty
- Any personal data on the device will be erased; we are not responsible for lost data
- The manufacturer's warranty may or may not be honored
- Once received, the device is normally returned within 2 business days
- We use USPS Priority Mail with tracking to return your device to you

Step 3: Agree with our Terms of Service

By selecting this service, you agree Privacy Mint, LLC (dba DigitalPrivacy.Shop) will not be liable or have any responsibility of any kind for loss or damage that you incur in the event of any failure. This includes the loss of data contained therein, or the services offered thereby available to you, or from any other cause relating to the services performed, whether or not the circumstances giving rise to such cause may have been within the control of DigitalPrivacy.Shop.

Step 4: Get your phone/tablet ready to ship

- a. Back up your personal data if applicable (instructions at <https://digitalprivacy.shop/blog/guides/transfer-personal-data-from-android>)
- b. Remove screen lock (password, PIN, fingerprint, Face ID)
- c. Factory reset the device (**Settings** app > **System** > **Reset options** > **Erase all data (factory reset)**)
Note: This will safely remove all user data such as sensitive apps or data (banking apps, wallets, personal contacts, personally identifiable information (PII), or financial information) from your device
- d. Remove SIM card (instructions at <https://digitalprivacy.shop/blog/guides/how-to-transfer-your-sim-card>)

Step 5: Mail us your device

Note: We recommend USPS Priority Mail *Small Flat Rate Box* (boxes available for free at your local post office). **Do not use other couriers** as they will not deliver to our post office box.

- a. Protect your device by wrapping it in a padded material like bubble wrap
- b. Include payment if you are paying by check (Make check payable to **Digital Privacy Shop**)
- c. Mail the package to
Digital Privacy Shop
PO Box 701
Folly Beach, SC 29439
- d. Send us the tracking number

Step 6: Relax. Get ready for your newly degoogled device in the mail

Once we receive your phone/tablet:

- You'll get regular updates by email about progress
- Turnaround time is usually 48 hours
- Your package is shipped via USPS Priority Mail with tracking

Enjoy free technical support for the lifetime of your device

Consider us your technical guru for all things related to digital privacy and enjoy one-one-one support.
